

New Pond Farm Education Center

Our beautiful 102-acre property, once owned by our founder, actress **Carmen Mathews**, is an outstanding outdoor classroom. We have the pleasure of working with 5,000 youngsters from area schools, scouts, as well as families and adults, nearly 12,000 people from Fairfield County each year. With five prongs of programming, we teach about the Environment; Woodland Indians; Astronomy; Farming, Gardening, Beekeeping; and The Arts.

In 2007 New Pond Farm was designated a Connecticut Dairy Farm of Distinction, and people visiting our Dairy Annex may purchase freshly pasteurized milk and yogurt.

Our Residential Summer Camp for Inner City and Area Youngsters

In the summertime we host a small and personal residential camp. During three ten-day sessions, we bring together children from the inner cities of Connecticut with children from the surrounding area. Together these youngsters, aged 8-12, from diverse socioeconomic and ethnic backgrounds form friendships, develop an understanding and appreciation of one another, as individuals and have a marvelous time discovering the many wonders of the farm.

Our Facility Rates

Half Day (5 hours) \$650

Full Day (8 Hours) \$1,000

Half-hour staff-led tour of the pastures and barnyard \$75

Hour-long staff-led woodland trail hike \$150
